TEXAS HEREFORD

Official publication of the Texas Hereford Association

June/July 2013 • Vol. 62, No. 8

Mission Statement

The Texas Hereford Association will provide the leadership to unite, foster and protect the interest of the Hereford breed; and promote fairly the production and consumption of Hereford beef universally.

Feature

34 Laboratory Testing 101 for Beef Cattle Producers
by Drs. C. Scanlon and Angela Daniels

Departments

- 48 Letter from the President
- 50 Letter from the Editor
- 52 Letter from the Auxiliary President
- 54 Letter from the TJHA President
- 72 Calendar of Events
- 73 THA Officers-Directors
- 74 Regional Associations/County Listings
- 100 Honorary Members/Leadership
- 111 Index of Advertising

On The Cover

Western artist, saddle maker and friend of Texas Hereford Association, Bob Moline, furnished the art work for this month's cover. His art and saddles can be seen in his Fort Worth gallery and saddle shop.

THE TEXAS HEREFORD (ISSN 0744-4761) (USPS 616-680) is published monthly except for the month of July by the Texas Hereford Association. POSTMASTER: Please send change of address notices to The Texas Hereford, 4609 Airport Frwy., Ft. Worth, TX 76117. Periodical postage paid at Ft. Worth, TX, and additional mailing offices. Subscription rate: One Year, \$15.00. Advertising rates on request. Contributions to the editorial pages are welcome, but the magazine cannot be responsible for the return of unsolicited material.

 Steve Decker, Herdsman • 254-582-4310
 www.nolanherefords.com

There are many reasons why we have happy customers.

Here are just 3.

CRC Domino 5244 [DLF, HYF, IEF] • 42503555 • 2/12/04
Sire: DH Domino 970 • Dam: CRC Dainty 4267

CED	BW	WW	YW	Milk	M&G	CEM	MCW
+2.0	+4.4	+54	+81	+5	+32	+0.1	+90
SC	Fat	REA	IMF	BMI	CEZ	BII	CHB
+0.6	+0.011	+0.21	0.00	+\$18	+\$16	+\$16	+\$23

The "old man" of our herd bulls keeps producing cattle with extreme length and eye appeal that commercial cattlemen desire. His influence will be felt for years with daughters, sons and grandsons that we will be emphasizing in upcoming years.

JA L1 Domino 9615W • 43032766 • 2/6/09
Sire: HH Advance 286M 1ET [CHB, DLF, IEF]
Dam: JA L1 Dominette 2870M

CED	BW	WW	YW	Milk	M&G	CEM	MCW
+0.7	+3.7	+57	+83	+16	+45	+1.2	+93
SC	Fat	REA	IMF	BMI	CEZ	BII	CHB
+0.8	+0.004	+0.44	-0.09	+\$17	+\$15	+\$15	+\$23

Moderate framed, easy-keeping and highly pigmented Jamison bull with a great disposition out of a dam with a WWR of 108.7% on 7 calves. His daughters are exceeding our expectations and we will have many sons available this fall.

L1 Domino 08542 [DLF, HYF, IEF] • 42915174 • 4/18/08
Sire: L1 Domino 06474
Dam: L1 Dominette 02352 [DOD, DLF, HYF, IEF]

CED	BW	WW	YW	Milk	M&G	CEM	MCW
+1.5	+3.5	+40	+76	+18	+38	+1.5	+84
SC	Fat	REA	IMF	BMI	CEZ	BII	CHB
+1.1	+0.061	-0.08	+0.33	+\$21	+\$17	+\$20	+\$21

Extremely thick, heavily muscled, highly pigmented Miles City bull out of a Dam of Distinction and owned with Cooper Hereford Ranch, Willow Creek, MT and Indian Mound Ranch of Canadian. His first calves up north are very impressive.

ANNUAL PRODUCTION SALE

Thursday, Sept. 26, 2013 • At the Ranch

Lee and Jacqui Haygood
923 Hillside Ave., Canadian, TX 79014
806-323-8232 • Cell 806-323-2906
lee@indianmoundranch.com
www.indianmoundranch.com

Survival skills.

Going into 2013 with most of our herd intact – despite 2 years of record-setting drought.

UPS NEON 6198 - 42749778 • Very popular in the Hereford breed Neons have brought lots of muscle and structure to herds throughout the country. Our Neon, 6198, has helped us by giving more correctness in our calves stature. They are very powerful in appearance with lots of eye pigment. We purchased him from Upstream Hereford Ranch in 2008 and now have a good many females in production at the ranch. Our customers have shown a real preference for his sons.

BB 1065 DOMINO 5077 - 42600444 • Pretty hard not to notice his frame. He's been on the ranch since 2006 and still as sound as ever. Always shows excitement when turned out with the cows even at his age. It seems his sons show the same trait of dependability. He was bought from BB Cattle Co. in 2006 at their sale in Connell, Washington. His dam was sired by BP Landmark 126H which contributes to his size.

RELIABLY CONSISTENT

BB 013 SANDMAN 7008 - 42786089 • Here's a Sandman, Mark Donald combination that has produced some very reliable offspring. Sandman cattle have been very popular with our customers with strong bone and muscles that provides confidence that cows will get bred even in harsh environments.

CALVES NOW ARRIVING

SR SAGA 320X – 43105156 • Now seeing the first of his calves, they are what we were hoping for. He is a son of CJH Harland 408, a popular bull in the Hereford breed and has mixed well with our other bloodlines. Watch for his sons especially out of Neon females. This looks like a great path for our herd to go into the future.

BEEVILLE SALE BULLS

This is just a small group of bulls that we have available for sale at Beeville and private treaty.

After nearly 100 years of raising Herefords, what will we do for an encore?

L.M. Bowling (1886-1953)
circa 1940

WHR Pioneer 60th #3040011 • DOB 9-30-39
Sire: Pioneer 1707483
Dam: WHR Belle Onw. 69th 1980712
Sold as Lot #1 in the March 24, 1944 Auction.

Sale cattle for the March 24, 1944 Auction.

We started our herd in 1919 with G. L. Mathews breeding of Kinsley, Kansas. Later we bought 2 cows from John N. Luft, Bison, Kansas, double granddaughters of Kimberlins Onward Domino. One cow from A. & M. College, Hazlett breeding. One from Edd Hutt Lees, Summit, Mo., by Prince Advance Mischief. One from Prince Domino Mischief, and nine from Banning Lewis Ranches, Colorado Springs, Colo. Our herd bull, sire of the sale cattle, son of Baron Domino 4th, Baron Domino 36th, a son of Pioneer, WHR, Pioneer 60th bought from Wyoming Hereford Ranch, Cheyenne, Wyoming.

14 bulls, 25 heifers are sired by Pioneer 60th, and two-year old heifers and 3 cows are by Baron Domino 36th. The two-year old heifers are bred to Colorado Domino 238th. The cattle men who have seen this bull say he is one of the best bulls in Oklahoma. These cattle are all rich in the blood of Prince Domino.

This sale will start at 12 o'clock, rain or shine, 1½ miles west of Jefferson, Okla., and ¾ west of Highway 81, 20 miles north of Enid, 6 miles south of Medford and 4 miles north of Pond Creek, Okla. on March 24th, 1944.

AUCTIONEERS

Col. H. L. Burgess _____ Enid, Okla.
Col. Bill Hagel _____ Fair Grove, Mo.

CLERK OF SALE: First State Bank, Pond Creek, Okla.

Catalog page from L.M. Bowling and Sons' Auction Sale • March 24, 1944

L.M. Bowling and Sons' ownership of 1 share in the American Hereford Cattle Breeders Association at the cost of \$10.

* 1098Y was the high selling bull in Holden's 2012 sale at \$102,000 for ¾ interest
and ½ possession. 1098Y is a curve bender deluxe with outstanding calving ease
combined with exceptional growth and maternal strength. He is a long bodied,
smooth made bull with loads of pigment. He is backed by one of Holden's
strongest cow families. His dam is one of their very best young donor females. She
is a super functional cow with a perfect udder and loads of milk.

* Owned with Holden Herefords, Mont. and Harrison Cattle Co., OK.
* Contact Holden Herefords or Flying S Herefords for semen.

OPTIMISM

In our 61st year of registered operations

OPTIMISM pays its annual visit. With new calves, green grass, good prices and good health, we continue to look forward!

GOALS — our goals continue: A good calf from every cow; economically developed bulls and females to meet customer needs; collection of practical information; stewardship of the land entrusted to us.

DO WE MEET THESE GOALS? Not yet, but we keep trying! With over 3,700 bulls sold, some into third generation genetic partner families, our cattle influence many operators as they try to make a profit/try to remain in business. We appreciate their support and encouragement.

P606 donor with twins

COW HERD: Victor Domino based with performance outcrosses

NATURAL SIRES: Sons of Remitall 8E, Patriot, Route 66 and Easy Domino

AI AND EMBRYO SIRES: Durango, P606, Trust and select Victor sires

Quality bulls, cows and heifers for sale.
We also produce registered Angus and
Hudgins Brahman sired F-1s.

60+ bulls sold fall 2012-13. Reasonably developed with sonogram info, 60% to repeat genetic partners.

The Doyle Difference

D

Because we only sell cattle by private treaty, repeat business is our bread and butter. Breeders like Larry Collins and another customer who has purchased 189 head over a 4-year period are vital to our operation.

Texas breeder Larry Collins, Collins Cattle Company, has made 4 purchases in 3 years.

We believe what keeps our buyers coming back, are the larger type Herefords we raise that work so well for Brahman influenced cattle.

We want you as our next repeat customer; so, we invite your inspection of the 60 weaned calves available now, plus the 45 head that will be ready for sale by the middle of August.

F PIONEER 926 [DLF,HYF,IEF] • 42977930

This bull has sired 130 calves naturally. We started using him when he was two, and he just turned four in January. His full brother is a top herd sire for The Berrys. His dam is a Dam of Distinction and one of the top cows in the Feddes herd.

His first crop of bulls were all sold from weaning to 14-months. They are loved by ranchers. His calves weigh great and have extra length. His fall calves started weaning in June. 926 is an excellent bull. We will have his first daughters calving this fall.

He is GE-EPD tested and his numbers are awesome.

K BIG ABE 234 • 43339021

SIRE: GO ABE T32 [CHB,DLF,HYF,IEF] • K LADY ADVANCER 730 [DLF,HYF,IEF]

The perfect bull to use on 3027 and Sensation daughters. He has a 7.5 frame score. At 12 months, he weighed 1,409 lbs. with a 42.5 cm scrotal and 16.5 inch ribeye. He froze 260 straws at 13 months and one collection.

234's dam is in embryo production and just produced 12 Grade One embryos. She is an excellent cow and is now used totally for flushes.

This bull is gentle with an excellent disposition. We are looking forward to his first crop of calves. He has a great future.

He is straight horned, and he has been dehorned.

About the authors:

Scanlon and Angela Daniels operate a veterinary practice and testing laboratory in Dalhart, TX. They accept samples directly from producers and referring veterinarians and nutritionists throughout the US. More information about the health and nutrition testing they offer can be found at www.circleh.info. Their four boys, Eric, Luke, Judd and Dirk maintain a small Hereford cattle herd and are active in 4H and state and national Hereford activities.

*By C. Scanlon Daniels, DVM & Angela Daniels, DVM
Circle H Headquarters LLC, Dalhart, TX*

There is a vast array of laboratory services that can be useful for beef cattle producers. The key is knowing what is available and when to utilize. In addition, new technologies have and will continue to be developed. This article is intended to give a brief overview of some of the laboratory services that may be of use to beef cattle producers. Laboratory services can be grouped into three broad categories: nutrition, health and genetic.

Nutrition Testing

As feed is one of the major costs of raising cattle, testing of feeds and feed ingredients can be of paramount importance. Feed them too little or

Laboratory Testing

for Beef Cattle Producers

101

too poorly, and performance can suffer; feed them too much or too well, and costs can skyrocket.

Nutritional testing can allow a buyer and seller to come together at a fair price for a feed commodity. For example, hay with different relative feed values (RFV) has different inherent value as hay with lower RFV may require grain supplementation. An agreement to forward contract hay or silage can be made even before the exact quality is known if the agreement contains a base price and a slide or adjustment for higher or lower quality.

Nutritional testing can ensure that a diet is close to its intended formulation. Variances can be due

to ingredient substitutions or changes in quality or errors in manufacturing or mixing.

Forages and commodities can be tested using near infrared technology (NIR) or more traditional wet chemistry methods. NIR offers the advantage of speed and the ability to test for a variety of parameters efficiently. Wet chemistry methods are much more specific and generally take more time. For common forages, the accuracy of NIR is equal to wet chemistry methods.

Drought stressed forages are prone to develop high nitrate levels. If there is even a slight risk of nitrate toxicity, test the forage to know for sure. Additionally, too much or too little rain can

influence potential mycotoxin levels in feeds. A test in advance is much cheaper than losses due to nitrate or mycotoxin poisoning.

Health Testing

Health can be one of the larger sources of risk in beef cattle production. Laboratory services centered around health can be related to infectious disease or reproductive status. One example of a reproductive test is the serum based ELISA pregnancy test. Blood based pregnancy tests detect factors only produced when the heifer or cow is pregnant. One limitation is that the factors detected persist for a period of time even after a pregnancy is lost. For this reason, testing to confirm pregnancy is most accurate after cows have passed the first trimester and the risk of early embryonic loss or abortion is less. The test has high utility in stocker cattle operations. Another situation where this test makes sense is where pregnancy diagnosis by a veterinarian is not feasible due to distance or time constraints. Another

Feed them too little or too poorly, and performance can suffer; feed them too much or too well, and costs can skyrocket.

time to consider using this test is if you just have a few head to check, or you have high value pregnancies (i.e. embryo transfer) where you don't want to risk even the small chance of pregnancy loss due to manual manipulation of the uterus.

Breeding soundness exams are a good idea for all bulls at the start of each breeding season. This ensures that at least the start of the season, the bull has positive indications of fertility. Work with your veterinarian to schedule these evaluations in advance of turning out bulls.

There are also several infectious disease diagnostic tests that may be of interest to beef cattle producers. One of these is the test for cattle persistently infected (PI) with Bovine Virus

Diarrhea (BVD). BVD-PI calves result when a dam is infected with BVD while pregnant. The dam can be persistently infected or may just be transiently infected. Subsequently, the calf becomes infected, and because its immune system is not fully

It's a numbers game.

Dam of our herd sire
Red Diamond SRR 117

Gentle Goes The Night SRR 902ET [DLF,HYF,IEF] • #P42977612
Sired by Genetic Phase, she is out of a Remital Keynote 20X daughter.

RED DIAMOND SRR 117 (P43198445) is out of UPS Domino 3027. He is a long bodied bull that we are now using as our main herd sire. He has large circles of Red around both eyes. He bred all of our heifers last year and did a great job on low birth weight.

We are also using **Forerunner SRR 150** (P43253057) a \$CHB 38 herd bull out of Foremost. Forerunner has great length of body and Red eyes out of a 24 Karat daughter. He is assisted by **Top Shelf KO SRR 107** (P43193691) a son of the K&B Kootenay son and out of a Progress daughter.

Ranch located 10 miles south of Bonham and 1 mile south of Gober

developed, the calf is never able to clear the virus. Typically these cattle are poor performers themselves, and have been implicated as slowing performance of penmates in the feedyard. As such, it may be a good idea to screen replacement animals for this disease to help prevent BVD-PI cattle from developing in the first place. If you find a persistently infected calf, it is a good idea to test the dam to ensure she is not a persistently infected cow. Additional value for your calves, be they just weaned or stockers, may be generated when you market them as tested negative for BVD-PI.

Obviously, if you have a disease outbreak such as scours or pneumonia, diagnostic testing may be warranted so that you can intervene effectively with vaccination and/or medication changes. Work with your veterinarian when you have clinical signs to identify what diseases may be present and what diagnostic activities may be warranted.

Breeding soundness exams are a good idea for all bulls at the start of each breeding season.

Genetic Testing

The American Hereford Association provides for the genetic testing of purebred Hereford cattle through a relationship with GeneSeek, in Lincoln NE. A thorough description of the services offered through the association can be found on the AHA website at the following location: <http://www.hereford.org/static/files/factsheets/DNATestingProcedures.pdf>

The basic panel offered through the AHA is parentage verification and genetic abnormalities such as hypotrichosis, idiopathic epilepsy and diluter. It is now required of any bull born after January 1, 2011 siring progeny to be registered to submit samples for this purpose. This process insures that the pedigree and genetic

improvement records have integrity and accuracy and cattle with known genetic abnormalities are identified.

A second service offered by through the AHA is the horned/pollled panel. When heterozygous

AMAFERM® THE ADVANTAGE

What is Amaferm?

- A natural feed additive resulting from a proprietary multi-step fermentation process of a proprietary strain of *aspergillus oryzae*.
- Stimulates bacteria and the fungi in the rumen for more complete roughage breakdown.
- A product proven to increase forage digestibility by more than 10%.
- The most researched and field tested direct-fed microbial available in the market today ensuring consistent results.
- Will increase animal productivity and health by significant improvement in the digestibility of available forages.

ALTOSID IGR

FEED-THRU

What is IGR?

INSECT GROWTH REGULATOR (IGR) is designed for continuous feeding during the fly season to prevent the breeding of horn flies in the manure of treated cattle.

It is estimated that horn flies cost cattlemen over \$1 billion each year. Approximately \$60 million is spent on control efforts alone. Dollar losses can also be attributed to decreased weight gains, feed efficiency and milk yields, caused by loss of blood and energy fighting flies.

An adult horn fly is a biting insect that takes 20 to 30 blood meals a day. The stress interrupts grazing, causing them to go off feed and expend energy in an attempt to dislodge the flies.

Midcontinent Livestock Supplements

polled cattle are bred to homozygous or heterozygous polled cattle, the resulting offspring may be phenotypically polled but be carrying a recessive horned gene. It may be advantageous for breeders to know if the offspring or homozygous or heterozygous polled to know if offspring of the animal may be horned. It does not identify if the animal is scurred.

The third genetic test offered through AHA is the genetically enhanced expected progeny difference (GE-EPD) panel. This is a DNA panel that identified genetic markers for performance. Once an animal is tested using this method, the accuracy of its EPDs can be improved, even prior to any of its own performance or offspring performance collected. ★

Jay Wright
President,
Texas Hereford Association

Being your Texas Hereford Association President has been an honor and privilege. We have worked hard to make Herefords the breed of choice when buyers were looking for cattle whether it is bulls for cross breeding or cows for starting a herd. Herefords have made great strides in the market place to provide a product that will equal or surpass all other breeds. The market for Herefords has increased substantially as evidenced by all of the bull sales last fall and the private treaty sales this spring.

The Cowtown Select in Fort Worth was a great success again and it has become the sale where anyone can get the best genetics in the breed. The Whiteface Replacement Female Sale was also a success and proved to warrant attention because of the quality it provides. I encourage anyone who has consignments for either one of the sales in 2014 to consign early so we can make plans to market them in the best possible manner. I would also like to thank anyone who may have donated to either one of these sales or made purchases; we appreciate it greatly. Donations and membership are what keep an association operational.

Any association is only as strong as the membership that supports it. That being said we encourage every member to find a new member to enroll. Your executive board is a very diverse group of men and women with lots of great ideas in finding new members, but we need your help because members are very helpful in spreading the word and as a group working together, we can help keep our association active and moving in the right direction, which is promoting Hereford cattle for its membership.

The all breeds bull sales are another example where Herefords bulls have show cased themselves very well topping both San Antonio and Houston all breed sales respectively. The Texas Junior State Show was again a success with over 300 entries of Hereford cattle in the barn. We should all be very proud of the growth of our junior program for these young people will be the Hereford breeders to carry on in the future.

I encourage all of you as members to get involved and help your association to be all it can be to you and everyone else and make Herefords the breed of choice. Let us know what we can do to help you and the promotion of Hereford cattle. ★

The Cattleman

What's the fastest way to reach more than 18,000 people?
The Cattleman subscribers represent more than 3.4 million cattle.

Pasture talk ...

"When buyers cross over the cattle guard, I see *The Cattleman* on the dashboard of their truck more times than not."

"We receive a better response from ads placed in *The Cattleman* selling bulls private treaty than from any other advertisements."

Since 1914, we have
been connecting
producers with
the commercial
cattleman.

We're where you are ...

Jack Chastain
Manager/Editor
Texas Hereford magazine

As the Texas Hereford Association completes 114 years of service and promotion to the Hereford industry not only in Texas but across the nation, I salute the current members, advertisers and subscribers who support this organization, magazine and breed of cattle. Your perseverance and dedication to Herefords is a true test of your grit and love for a breed that has far too many traits sorely needed by our beef industry to be put on an endangered breed list by so many “experts” in our business; not withstanding the many honest, hard working people associated with our breed. I challenge you as members and breeders to “Take control of the Bull Market.” The product is here today. The demand is here today. It is up to you to merchandise and sell.

Our Texas weather continues to challenge our industry in more ways than we have ever seen. Fires, wind, hot dry days and less rainfall than ever recorded since weather records began have certainly stretched our

members’ resources. Rainfall in the first part of 2013 helped a few breeders but has been scarce since mid March. Our Hereford breed can handle this adversity better than all other breeds, but even we have our limitations. Many members have held on to their herds for three plus years but cannot afford many more years of costs associated with purchasing feed to sustain their herds. Let us hope Mother Nature provides us a break from the excessive heat and brings a much needed rain.

Our fall sales were strong and the market continued to improve this spring. Our Fort Worth sales were the best ever. Our junior scholarship program is attracting more participants each year in both sponsors and exhibitors. Our commercial cattle prices have held firm or improved even with the distractions of factors outside the industry. The fact remains that the nations cow herd is still 85% black hided and AHA records indicate that Herefords supply less than 20% of the bull market. The opportunity is there, but we must earn the bull business by providing a product that will work for our bull customer which in turn will work for his customer which ultimately is the consumer.

Your officers have pushed and challenged your staff to make our organization with its publication and website a stronger voice for Herefords in the southwest as well as a key marketing tool for members and advertisers. We have some lofty goals for both membership and advertising, but must have support and approval from the entire membership to succeed. We utilize a small army of volunteers each month to get the magazine printed; in addition to all other projects undertaken by THA or TJHA. We hope you like the new version of our magazine utilizing more color throughout. We still sponsor the premier whiteface replacement female sale which will celebrate 45 years in February. We co-sponsor

the Cowtown Select Sale. We assist the other consignment sales as best we can. All of these sales need consignments as well as buyers. THA hopes to be a source of information to these events. Our “Cattle for Sale” listing for members in the magazine and on the website continues to provide results. I have had numerous calls saying they sold to the first caller but could have sold ten times over what they advertised for sale. Please help yourself by utilizing this service.

THA sponsored a fun evening in April with our “Fish and Snips” concert in Salado. Many, many thanks go to everyone involved in planning, cooking and helping in many other ways to make the event a success. We plan to have other events like this in the near future. We need your input as well as attendance to make them worthwhile.

Please save the date of October 23, 2013 for our third annual THA Fall Classic Hereford and Invitational Red Angus Consignment sale at the Buffalo, Texas Livestock Auction facility. We are accepting consignments of no more than 60 Hereford bulls aged 15 months to 30 months and 40 Red Angus bulls plus registered and commercial female consignments. Please let the THA office know by August 1 if you wish to participate. The sale will be broadcast by Superior Productions both on the internet and live on RFD TV.

Before closing, I wish to express my heartfelt thanks and gratitude to Penni Hiles for all she does for THA above and beyond her normal duties. She certainly is a huge part of the smooth operation of THA.

I wish to thank every member, advertiser, subscriber and reader for the role they play in providing and using this issue. I trust you will avail yourself to the vast amount of information assembled for your use. We are here to help sellers SELL and buyers BUY. ★

Brie Whitehead Perks
Auxiliary President,
Texas Hereford Association

2013 has been the start to an exciting year for the Texas Hereford Auxiliary with outstanding fundraising support and great participation in our “Mad Hatter Queen’s Tea”. We would like to express our gratitude and thanks to Superior Productions, Ned and Jan Ward and Perks Ranch who donated items for our silent auction. These items were sold during the social held at the Fort Worth Stock Show this past January. We would also like to thank the live auction participants who took home ferns and plants at the State Show this summer in Belton. Every year we receive great applicants for our Texas Hereford Auxiliary College and High School scholarships and your support makes it possible, THANK YOU! We encourage juniors to keep an eye out for our scholarship deadlines and to take advantage of these great opportunities.

During the state show this summer we added a new event to bring awareness and encourage participation in our Texas Sweetheart and Texas Hereford Queen programs. This year’s event was themed the Mad Hatter Queen’s Tea and had more than 30 attendees! Focused on being a social event this gave an opportunity for young ladies to gather and mingle to build relationships and speak with past and current royalty. Thank you to everyone who helped make this event possible and for all of the help setting up, I greatly appreciate it. For those of you who do not know, my family and I are moving out of the country in the spring of 2014. After seeing the success and excitement of this year’s event I welcome the opportunity to pass the torch on to an eager and willing leader to help plan next year’s Queen’s Tea.

A big thank you to the entire Auxiliary for their hard work and dedication. Everyone in the Association has been great to work with and has made my term as President a year to remember. ★

Who are these guys?

We paraphrased this famous line of dialogue from the movie *Butch Cassidy and the Sundance Kid* to make a point. Just like the lawmen in that classic western, these guys are relentless.

And, who are they? They are the men and women in your association who consistently support this magazine (in good times and bad) with their advertising dollars. However, unlike Butch and Sundance, we are extremely grateful for their tenacity.

Setting a Goal

by J.D. Schnitker
Texas Junior Hereford Association
President

A goal can be defined as an objective that is trying to be achieved. If one does not have goals, what will motivate them to be more than just an average Joe? Having goals are one of the things that drives everybody to achieve more. Think of a goal like a road trip. Where you are is your starting point and your destination is your goal. On your road trip you can have several hitches. You might hit a deer, get caught in a wreck, or have a flat tire. Much of the same can be said about your “road trip” to your goal, but when you get knocked down and discouraged, you must get back up on your feet. More than anything though to achieve a goal one must be resilient, determined and have a work ethic to do what it takes to accomplish your goal. One must have the work ethic to change the flat tire and have the determination to get going again.

One person I have always looked up to is Brady Ragland. In 2008 Brady was president of the Texas Junior Here-

ford Association and that same year I set my goal to do the same. In order to achieve this goal I first had to reach several others. These included becoming a Junior Director and then a Senior Director. Not just anybody can become a director. One must have been nominated and then voted into these positions. In order for this to happen I knew I had to prove that I was a hard worker and that I was capable of upholding the responsibilities that came with the title Texas Junior Hereford Association Director. In June of 2013, my goal was achieved. I was elected as President of the Texas Junior Hereford Association. Now it is time for me to make more goals so that I keep moving forward.

Goals are what keep people moving forward. Without goals people would not get any better and just stay the same. Without the goal of flying, the Wright brothers wouldn't have ever flown. Without goals this world would not be the way it is today. ★

QUALITY PRODUCTS THAT WORK FOR YOU

Quality comes first at Stone. We've been making handcrafted products for livestock producers since 1932. Over the years we've learned a great deal about quality. You can see it in the meticulous detail and workmanship of our products, and you can feel it in the way they perform.

We know you're only going to choose Stone products if they perform to your complete satisfaction. Above all, we understand that our products must not only make your job safer, easier and more effective, they must also add to your bottom line.

We value quality and performance just as much as you do. The best way to appreciate the true quality of a Stone product is to experience it for yourself.

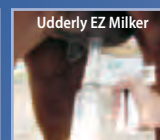

"We take pride in making quality products that work for you." – Jack Rudnay, CEO

First week each month

Just like a successful cowman, we at The Weekly Livestock Reporter are steadfast in our adherence to the same principals: Informative Industry News, Effective Advertising, Quality Ring Service and Photography. Our business is to insure that your agribusiness has all the right information to make the most informed decision. The only way that we can do that is to be Consistent. Consistently offering you news, market reports, features, and breed information. Consistently providing you with customer service that ensures your satisfaction. And Consistently offering you a full service that has kept this organization and many organizations in business for over 117 years. Contact one of our representatives for your quality, Consistent service today.

Advantages of THA Membership

SERVICE – The Texas Hereford Association is a service organization to benefit the Hereford breed and the breeder.

Members are assisted in buying and selling cattle at private treaty and by auction.

The Texas Hereford Association sponsors the Commercial Hereford Heifer Show and Sale and the Texas Select Sale. These sales promote the use of better Hereford bulls and females. The Texas Hereford Association is also actively engaged in the promotion of Texas Herefords and in sponsoring seminars, field days, and other events to encourage educational opportunities for members.

ASSOCIATION – The Texas Hereford Association was organized in 1899. Its membership has included the elite of the Texas Hereford industry since its inception. First year membership dues are \$95.00. Dues for active membership after the first year are \$95.00 plus a \$1.00 per head assessment on calves registered the previous year, less those steered, etc. Associate memberships are available for \$75.00 per year. Each member receives an attractive membership certificate.

DIRECTORY ISSUE – Every active member of the Texas Hereford Association has a free listing in the Directory issue of *The Texas Hereford*. This Directory is used by thousands of Hereford breeders the year round. Information pertaining to your herd such as herd sires, bloodlines, location of farm or ranch, telephone numbers, etc., will be listed in this widely used reference book. This herd listing alone is worth the price of membership. Associate members are also listed.

THE TEXAS HEREFORD – Monthly publication of the Texas Hereford Association. It is the only publication in Texas devoted solely to Herefords. It includes news about the association, news about Herefords, and timely editorial features. Active members can list Herefords for sale **FREE** in the Herefords For Sale column. This service has been responsible for selling thousands of Texas Herefords all over the nation. Texas Hereford Association members may advertise in *The Texas Hereford* at low livestock rates – a considerable savings for your marketing program. Sale catalogs, brochures, flyers, and other marketing aids designed and produced by our professional staff at considerable savings. (Advertising rates will be sent on request.)

***The Most Important Investment
You Can Make As A Registered
Hereford Breeder is a
Membership in the
Texas Hereford Association.***

Application for Membership TEXAS HEREFORD ASSOCIATION

ACTIVE Membership Application

I hereby make application for membership in THE TEXAS HEREFORD ASSOCIATION.

Upon becoming a member, I will abide by the constitution and By-Laws of the Association and also the rules of the American Hereford Association.

I am the owner of head of registered Herefords and head of commercial cattle.

Attached hereto is remittance of Ninety-five Dollars (\$95.00 covering membership fee and dues for the first year). Dues for active membership after the first year are \$95.00 plus \$1.00 per head assessment on calves registered the previous year (Less those steered, etc.). Dues include a subscription to the magazine.

Hereford Spoken Here

**That's exactly the
message that this
sizable sign projects!**

Constructed of sturdy 16 gauge steel and finished with a baked porcelain enamel, it will stand up to all weather conditions! Three colors – green, white and maroon – make each one a rich display of the Hereford breed.

**The sign is available in two sizes:
30" tall x 38" wide or
38" tall x 60" wide**

Name panels 10" tall are available for one -two lines and 14" tall for three lines.

**Please send completed form and check to:

Make Fort Worth a "Must Do" event in 2014

45th Annual Premium Whiteface Replacement Female Show and Sale Sunday, February 2, 2014

Our 45th Annual sale will be a great event. The demand for Hereford females is at an all-time high and this should be the source for some of the best Hereford genetics offered in the State of Texas.

Make "Super Hereford Weekend" an educational and entertaining event by attending the Annual Meeting and social of Texas Hereford Association, & the National Hereford Show.

Special Rules:

1. All consignors must be active or associate members of the Texas Hereford Association.
2. Animals must be in their pens not later than 6:00 p.m. Friday, January 31, 2014.
3. All animals will be shown in pens of ten

(10) by classes and placed by judges at 9:00 a.m., Saturday, February 1, 2014.

4. All females entered will be sold in the Hereford Sale at 1:00 p.m., Sunday, February 2, 2014.
5. Pen and Sale Fees: an entry fee of \$10.00/head is due on November 1, 2013. A seven (7) percent sale fee will be assessed at the sale. This fee includes all Stock Show pen fees and sale costs. No refunds after entries close.
6. Health requirements: all females entered in this division must meet regulations of the Texas Animal Health Commission and must be accompanied by an official health certificate.
7. Registered heifers are eligible. Minimal grooming is encouraged.

**Hereford Weekend
Southwestern
Exposition and
Livestock Show
Feb. 1-4, 2014**

**Send us your best
Hereford heifers...**

Call for entries.

Deadline for entries – November 1, 2013.

All Choice *is* Possible!

Herd Sire - Desert Comfort

in the showring

in the pasture

Traces back 7 times to King Ten

Pictured at the right is the Bennett family of Cuba City, WS. One of the largest Hereford operations in the midwest, they have been steady customers over the last several years and are now really enjoying the benefits of tapping into Desert★Mart carcass genetics!

At this point in time when our industry seeks a viable solution to sky-high feed costs, the Bennett's exciting accomplishment could not have happened at a better time! Only very rarely will any load of cattle grade 100% choice, but when two loads of straight Herefords reach this elite plateau, it speaks of genetic excellence second-to-none!

When 40 plus years of unrelenting carcass testing combines with quite possibly the best marbling-ability cattle on the planet, and those qualities are plugged into a sold-out Hereford outfit like the Bennett family, new frontiers really are attainable.

For your own "premium" path forward, plan now to attend the Desert★Mart All Choice Sale on November 21, 2013.

congratulations!
