Dear Texas Hereford Association,

I am Luke Bludau, an engineering major at Texas A&M University. First let me start by saying thank you so much for your support of my education by awarding me the Gray Wynn Klein Scholarship. The support from the Hereford Association has taken away much of my financial stress.

I registered for 13 hours, which is not a lot, but I did not want to be overwhelmed the first semester. My fall schedule included calculus, chemistry, and engineering computation. College is a big adjustment, and it showed with my first quiz in Chemistry 107. I made a 68, and this grade was enough to send me into panic mode. I knew that I could do much better in my studies, which is exactly what I did. I planned out my schedule with the approach to get a 4.0 GPA. I went to every study session, tutoring, and visited professors during office hours to reach my desired goal. By the end of the semester, it came down to finals, and once again, I focused all my energies on my studies. It paid off. I finished my semester with a 3.85 GPA in the College of Engineering. I am so happy, and I hope to continue this success into my next semester.

I applied for a Freshmen Leadership Organization and was accepted into the Memorial Student Center Aggie Leaders of Tomorrow. This position allowed me to participate in more university leadership programs and community service in College Station.

I am still active with my Hereford herd. I have several recip cows that will have registered Hereford calves in the spring. I enjoy the cattle industry and am still planning to major in Biological and Agricultural Engineering. Only 30 students are accepted into the program every year so I must work hard to keep my GPA high. Thank you for investing in me!

*Best regards,
Luke T. Bludau*

Dear Texas Hereford Assn. Foundation,

Thank you very much for your generous contribution to the 2022 Sandhills Stock Show Sale of Champions. Your support helps the youth of Texas with our show projects and is an industry I enjoy so much. Without your help and support, none of this would be possible. Thank you again.

*Sincerely,
Brynlee Swan
Shallowater FFA*

As manager of THA and a native Texan from the Fort Worth area, I cannot help but envision the Hereford activities at our Fort Worth Stock Show being a “Must Attend” event of the year. The facilities are second to none and are even more awesome with the new Dickies Arena. In addition to our annual membership meeting and social, we have our 52nd annual Whiteface replacement female sale with some of the best heifers ever consigned, our twenty-first year for our Heritage pen of heifers donated by a group of extremely dedicated and loyal Hereford breeders and a quality open show that has the largest number of entries ever for Fort Worth. What more do we need for Fort Worth to be the greatest Hereford Event of the year?

I wish to thank all donors to our Heritage pens, champion awards, the high placing junior scholarship program, our other scholarships, and our annual meeting social. Our committee voted to again award four places to our high placing junior exhibitors this year, which we should be able to do thanks to the generosity of everyone that commits to fund this event.

THA really gets the year started in Fort Worth with the membership meeting, election of officers, sales

and shows. The new executive committee will appoint committees and plan for events for the rest of this year and into the next few years. I solicit all members who have thoughts, ideas, and projects or just want to volunteer their time and service to step forward and let the president or myself know. I challenge every member to try to recruit one new member. Surely you have a neighbor, customer or friend who could become a member. We need more active members participating in all of our events.

Meanwhile, Let Us All Work Together to Make THA and HEREFORDS THE BEEF BREED SUPREME! ★

We purchased a semen package on HH 8392F and will have a handful of ETs selling this year, but this one is probably our favorite. He's moderate, with tremendous depth of rib and capacity. A sure footed bull that strides out smoothly. 055X has been a herd bull producer and we believe this calf has a lot of potential.

Sire 9108G is a 7156E son that sold for \$45k to Johansen Herefords and L Bar W Cattle Co. The 7156E sons have performed really well and we're seeing the same out of 9108G progeny. This bull has a lot of eye appeal - he's stout, has a big quarter and deep flank, and good length. Dam 713E is a full sister to herd sire 710E.

The Texas Department of Agriculture has five livestock export facilities located across the state. Each facility provides livestock buyers and sellers with a location on the Texas border where animals can be held until inspection and export requirements are completed. Once the livestock have been cleared for travel, they can be loaded for transport out of the United States.

Livestock leaving the Brownsville, Del Rio, El Paso, and Laredo facilities will be loaded for ground transport into Mexico. The Houston facility moves livestock by air and sea, covering destinations all over the world.

Howdy Neighbors,

Here at the Texas Department of Agriculture, one of our most important missions is to protect and promote production agriculture here in the Lone Star State. A cornerstone of that mission is to ensure that livestock being exported from our state meets all state and federal guidelines.

The Texas Department of Agriculture export facilities are the gateways for exporting livestock from Texas. From cattle and horses to pigs and poultry, these facilities are tools to help get Texas livestock around the world. Through our export facilities, TDA is committed to not only protecting the transported livestock but also the owners, buyers and brokers.

Exporting livestock may seem daunting. The information we've posted on our livestock export facility website, and our facility staff, can help you successfully navigate this process. Please contact us if you have any questions.

Sincerely,

Sid Miller
