As December approaches it is hard to believe that another year has almost passed. Texas Hereford Association has had a good year. Membership surpassed 2017 numbers with lots of room to grow. Our magazine printed more ads and more total pages than 2017. Our junior program has prospered. Our website continues to help sell cattle and to serve our members. Our social media through Facebook now has over 3900 followers and if our juniors and magazine subscribers would like our posts we could reach 5000 before the annual meeting.

Most everyone in Texas is rejoicing to see the end of 2018 and wishing for a better year for 2019. Our fall auction sales and private treaty sales were good for the most part, especially considering weather and a depressed commercial market to name a few distractions. I would encourage you as breeders to look harder at your sale bulls and keep only your top end. The demand and renewed interest in top Hereford genetics is encouraging for all Hereford breeders and members of THA. For any non THA member, I solicit your membership. I congratulate those who sold Hereford cattle and thank the buyers and wish them well with their purchases.

This organization is strongly dependent on our officers, directors, members, sponsors, and friends in both time and funds. THA is involved in many activities in the next few months and has many people to thank for their support. Your executive committee is most concerned about keeping our organization in a strong financial position. We have had a good

year in 2018. THA will again offer some tremendous donations for fund raisers during our Fort Worth activities. On Sunday during our 50th Annual Whiteface replacement heifer sale we will be selling the Heritage Pen of heifers from our commercial Hereford members for the eighteenth year. We owe the donors of this pen a huge thank you for their generosity. I encourage members to help solicit buyers for this pen. I know how good the heifers will develop into cows. We plan a silent auction at the social and are in need of a few quality items from all officers and directors. THA is greatly appreciative for these contributions. I also want to thank the consignors to both the Whiteface replacement heifer and Cowtown Invitational sales. Their quality cattle have a great impact on showing our breed to the general public. The donors for the heifer scholarship and champion awards are also vital to the success of the shows. These members have made a giant effort to ensure great things for THA and Hereford cattle. The rest of THA needs to step up by attending and either buying or bringing buyers to the sales and shows.

December and the time between Thanksgiving and Christmas and the New Year is always a time to pause and reflect on the past year and plan for the upcoming year. I am most thankful for good health and the opportunity to work for THA. I wish everyone a healthy and happy holiday season and prosperous New Year. I hope to see everyone at our annual meeting and all other activities not only at the Fort Worth Stock Show but all activities throughout 2019. ★

### Dale and Mary Barber

Dale and Mary Barber are the owners and operators of Barber Ranch, a 114-year-old operation located in Channing, Texas. Barber Ranch's roots trace back to a commercial horned Hereford cow herd Mary's grandfather started in 1904. Mary's dad replaced the commercial cows with registered ones in 1950 and the family's vision for raising the best Hereford cattle possible has remained steadfast as the industry has evolved.

Dale grew up on a commercial Hereford ranch in the Hill Country of Texas. He graduated from veterinary school at Texas A&M University and then joined the Air Force as an officer. Dale met Mary soon after graduating vet school and they got married. Shortly after, they moved to Channing to take over the ranch.

Barber Ranch was a pioneer in blending both horned and polled genetics and producing popular pedigrees. The pedigree of the program's most influential cow, Gabrielle, can be found throughout herds all across the U.S.

Dale and Mary are also huge supporters of the National Junior Hereford Association. Their four children, Brett, Justin, Jason and Terri, have all grown up to become leaders in the Hereford business and are still involved in the ranch in some capacity.

The Barber Ranch prefix has been on countless national champions over multiple decades. The prominence of their visionary breeding philosophy continues to be a dominant force at all competitive national sales and shows.

### Clifford and Barbara Copeland

Originally established as Jack Copeland and Sons 75 years ago by Clifford's grandfather, Otis, and dad, Jack, Copeland & Sons Herefords, LLC, is nestled just north of Nara Vista, New Mexico. At the ripe age of 10, Clifford made a commitment to become a great rancher and raise the best Hereford cattle he could.

Clifford and Barbara met showing cattle at the New Mexico State Fair, and in 1959 the couple assumed management of the Copeland family ranch. Fast forward, the ranch now has two divisions and is home to more than 500 cows and three generations of Copelands — Clifford and Barbara; son Cliff, and his wife Pat; and their son, Matt. The operation hosts an annual bull sale in the spring and females in the fall. On the ranch's 50th anniversary in 1993, the Copelands hosted the New Mexico Junior Hereford field day and Governor Bruce King declared the day as Hereford Day in New Mexico to help celebrate.

Clifford and Barbara have devoted decades of leadership to the breed. They have both served as advisers for the New Mexico Junior Hereford Association. Barbara saw through the formation of the American Hereford Auxiliary and was a charter member of the Auxiliary.

In addition to their service to the breed, Clifford and Barbara are leaders in their community. Clifford helped organize the local fire department and served as its first chief. Barbara has been instrumental in preserving the history and old buildings in the area, and currently serves as the curator for the Little House on the Prairie in Amistad.

"We congratulate these individuals for the impact they have made on the Hereford breed," said Jack Ward, AHA chief executive officer. "Their dedication to the breed is inspiring and I am honored to induct them into the Hereford Hall of Fame."

Bill King, Moriarty, NM, started his Hereford herd in 1968 as a junior in high school with the purchase of three heifers from Marshall Sellman. Over the years he has grown his herd to more than 400 head of registered Hereford operation, along with an extensive Charolais and Angus seedstock herd. He sells 400 to 500 hundred registered bulls annually, private treaty around the country and internationally.

A past president of the AHA board of directors, and currently is a member of the Legacy Foundation board. Bill has served the cattle industry on many other boards, including president of the New Mexico Cattle Growers Association, President of the NM Livestock Board, Executive board of the Texas Cattle Feeders Association, and NCBA Regional Vice President. In 2016 the US Secretary of Agriculture appointed Bill to the Cattlemen's Beef Board where he is still currently serving. Today he and his family continue the business and hope to stay in the cattle business for the next 100 years. ★
