Texas Hereford Association Officers:

On behalf of the Schlinke Dry Creek Ranch LP, Pat and I want to thank the Texas Hereford Association Officers for their selecting us as one of the Honorary Members for the year 2022. It was both shocking and humbling when Jack Chastain called to inform us of this honor. We never dreamed that retiring would be such a rewarding experience. First, we were extremely pleased in 2016 to learn from Robin Sugg that she and her father Andy would be interested in purchasing our herd should we ever decide to disperse. In 2018 this idea became reality, and we began delivering the herd across our County Road to our neighbor who operates the herd under the name of O H Triangle Ranch with Ryan Akers as Ranch Manager. Second, the Sugg family and Ryan spe-

cifically assured us we were welcome to come anytime and especially when Pat needed a mental booster and an opportunity to groom and scratch those selected for specific sales. It was a "head swelling event" on February 5, 2022, when Ryan called to inform us that the Spring South Texas Hereford Association sale in Beeville had just finished, and he had both the highest selling bull along with the highest sale average among the Hereford consignors. It was always a pleasure to see our customers satisfied with their purchases knowing that the Hereford docility in our herd helped with their selection.

We wish the Texas Hereford Association Officers the best of luck and good fortune in the years to come and especially this year when you have the task of finding a replacement for the Secretary position. It will be difficult to find someone to "fill Jack's shoes" along with those of his assistants: Lyn, Lee, and Penni. Good Luck and God Bless.

*Sincerely,
Carl and Pat Schlinke

Attention Members & Subscribers

Work has already begun on the July 2022 Membership Directory. Please return your Herd Bull listing form with any new information or changes and it would greatly help if you would alert us to any recent area code change or new mailing addresses as the post office updates it compliance to help with 911 locations. All non-member subscribers are urged to consider becoming active members to show your support of Hereford cattle and boost our effectiveness and clout as a spokesman for the Hereford beef industry. ★

Mya Swanson Ebeling

Mya Kathryn Swanson Ebeling passed away Feb. 18, 2022. She was the first-born daughter of Howard and Patricia Swanson. Her childhood was full of adventures with her younger sister, Lisa, on the Muleshoe Ranch. She raised award-winning steers and heifers in 4-H. After graduating from Breckenridge High school, she traveled abroad with her sister before attending Principia College in Elmhurst, IL; Texas Tech in Lubbock, and ultimately graduated from Texas A&M with a bachelor's degree in Sociology. Mya was a long-time member and contributor to The Church of Christ, Scientist in Amarillo.

Mya is survived by her husband, Dr. Lynn Ebeling; daughter, Amber Bartosh; son, Slater Ebeling; and sister, Lisa Echols. ★

As our local and state weather continues to challenge us in agriculture and ranching in particular, I want to thank everyone who have responded above and beyond the challenges presented by the recent fires, tornados, straight line wind and drouth. Two ranches stand out in all that they have done to help those who have suffered- GKB Cattle and Will Hogan and their families and crews. Despite all their personal losses they opened their gates and offered all they had to those who needed help. I also want to thank Alcon Labs of Fort Worth for their donation of eye drops and other eye care products to the first responders battling the Eastland and Big L Ranch fires. I had the opportunity to deliver some of this donation to our local volunteer fire station in Santo, Texas and see the appreciation of those present.

It is exciting to read the sale reports from the sales that have been held from all over the nation and how successful they have been. Breeders from Texas were listed as top buyers in many of these sales. This can only expand and improve the genetics our Texas breeders make available to the industry.

We have begun work on the 2022 annual membership directory. Every member will be mailed a herd listing form and ad reservation form. Please update your listing. I cannot stress enough how important it is that current members provide us with correct and complete information regarding phone numbers, e-mail addresses, herd information and directions to your ranch. We especially want to update those of you who have developed ranch web sites and can include you with a link from our web site.

Now is the time to select and hold a bull or group of bulls for our Fall Classic sale in Buffalo on October 26. We are also trying to build a female sale with this sale. We will accept both registered and commercial Hereford females as well as other breeds and crosses. Now is also a good time to select and breed a pen of heifers for our 53rd annual replacement heifer show and sale to be held in Fort Worth on Sunday, January 29, 2023. Plan to select at least one or two extras to make sure you can get the minimum of ten for the pen show. We can accept both Black and Red Angus cross heifers along with straight Herefords. We plan to have another heritage pen of cattle. We also plan to expand the pen bull show. THA through some generous sponsors has encouraged our junior exhibitors to enter the open show by providing a cash award in the form of a scholarship. I solicit a few more donors as well as all junior exhibitors to consider bringing their heifers to the National Show in Fort Worth. The junior must be present and be at the halter of his or her own animal to be eligible for the four top placing heifer prize money.

Our juniors are busy preparing for another great state show and field day held jointly with TJPHA. The event will be held June 8-11 in Belton. As an advisor I can safely say that this event could not happen without the support of the Hereford breeders around the entire state. I encourage all members to respond favorably with both monetary and volunteer help. All THA members could benefit from watching our youth in action.

Hereford demand is as strong as ever and now is as good a time as ever to promote your herd with an ad in our publication. Remember: "Advertising does not COST-IT PAYS!" ★

Scholarships to be Awarded at State Show

The Hereford Youth Foundation of Texas is offering scholarships to indi-

viduals pursuing degrees in accredited colleges. Special consideration will be given to students pursuing a career in beef cattle production. The number of scholarships and the amount awarded annually is dependent upon funding.

Each scholarship will be paid by check payable to the university that the student will be attending during the upcoming semester. The check will be issued by the Hereford Youth Foundation of Texas and mailed to the university. This is a renewable scholarship and will be paid ¼ (one fourth) awarded per semester.

The HYFT scholarship application and requirements are posted on the THA website, texashereford.org, in the Youth section. You can also contact the Texas Hereford Association office for an application at 817-831-3161 or via email, texashereford@sbcglobal.net.

All application materials must be received no later than May 15. ★

Family. Tradition. Quality.

In it for the long haul.

The Texas Department of Agriculture has five livestock export facilities located across the state. Each facility provides livestock buyers and sellers with a location on the Texas border where animals can be held until inspection and export requirements are completed. Once the livestock have been cleared for travel, they can be loaded for transport out of the United States.

Livestock leaving the Brownsville, Del Rio, El Paso, and Laredo facilities will be loaded for ground transport into Mexico. The Houston facility moves livestock by air and sea, covering destinations all over the world.

Howdy Neighbors,

Here at the Texas Department of Agriculture, one of our most important missions is to protect and promote production agriculture here in the Lone Star State. A cornerstone of that mission is to ensure that livestock being exported from our state meets all state and federal guidelines.

The Texas Department of Agriculture export facilities are the gateways for exporting livestock from Texas. From cattle and horses to pigs and poultry, these facilities are tools to help get Texas livestock around the world. Through our export facilities, TDA is committed to not only protecting the transported livestock but also the owners, buyers and brokers.

Exporting livestock may seem daunting. The information we've posted on our livestock export facility website, and our facility staff, can help you successfully navigate this process. Please contact us if you have any questions.

Sincerely,

Sid Miller

THREE REASONS INHIBIDOR™ IS BETTER THAN THE REST.

Larvicide, adulticide and synergist combine to protect cattle.

The new Starbar® Inhibidor™ Insecticidal Pour-On is a ready-to-use, triple action solution to defeat insects, because we know good things come in threes. Inhibidor™ Insecticidal Pour-On controls parasitic flies and lice to protect your cattle and your bottom line.

To learn more about Inhibidor™ Insecticidal Pour-On and see all the Starbar® insect control products, visit StarbarProducts.com.

Always read and follow label directions. Inhibidor, Starbar and Starbar with design are trademarks of Wellmark International. The Red-Yellow color gradation is a registered trademark of Central Garden & Pet Company. ©2022 Wellmark International.

IN OUR RAPIDLY CHANGING BEEF INDUSTRY, THE MOST ASTUTE COMMERCIAL PRODUCERS ARE CLAMORING FOR TURNOUT BULLS THAT WILL LAUNCH THEIR PROFITS HIGHER AND HIGHER!

HERE IS THE CRITERIA WE ARE HEARING ABOUT:

- ★ WE WANT HEREFORD BULLS WITH LOTS OF BODY.
NO HIGH-FLANKS AND TUBULAR DESIGN.
- ★ WE WANT HEREFORD BULLS THAT WILL INCREASE OUR CATTLE'S CARCASS MERIT.
NOT BULLS THAT ONLY HAVE MINIMUM CARCASS QUALITY.
- ★ WE WANT HEREFORD BULLS WITH A LOT OF RED PIGMENT.
ESPECIALLY ON THE EYES AND UDDERS.
- ★ WE WANT HEREFORD BULLS THAT ARE NATURALLY THICK.
NOT THE KIND THAT CAN "MELT AWAY" WHEN THEY HAVE TO GO TO WORK.
