As October comes to an end, so does most of our production sales. I have been impressed with the steady results, as you will see further on in this issue. Hereford cattle continue to gain ground in the beef industry. I have been able to hear comments from some of the buyers on why they continue to use Hereford genetics. They are talking both higher percent calf crop as well as heavier calves at weaning. THA members should be proud of the product you are producing and use this as encouragement to keep up with the improvement.

As January quickly approaches, I hope you all plan to join us in Fort Worth for all the things we have planned. Our annual membership meeting will be held on Saturday afternoon, January 28, 2023, at the Botanical Gardens. We will be sponsoring a pen bull show as well as the annual Powerhouse commercial heifer show and sale. Entries are due now for both events. Please reach out if you have any questions.

THA is having our fund-raising Heritage Pen of heifers that will sell in our Powerhouse commercial sale on Sunday, January 29, 2023. With the generosity of several THA members, we have expanded this project by having not only a pen of Hereford heifer calves, but a pen of Hereford X Black Angus cross. Our executive committee would greatly appreciate any help in selling these three pens.

Our THA Foundation will still provide our annual scholarship, the Gray-Wynn-Klein memorial scholarship. Applications will be due January 1, 2023 and recipients will be announced at the annual meeting on Saturday, January 28, 2023.

Thank you to each and every one of our members who consigned or bought in our THA Fall Classic sale in Buffalo. I am pleased with the steady improvement of this sale. We hope to continue the growth. I hope you all consider consigning with us next October.

I want to thank everyone who has welcomed me into THA. I enjoy meeting all our members and look forward to meeting the rest of you. With that being said, please feel free to reach out to me if I can assist you in any way.

November is a month we should give thanks for the many blessings that we have been given. I know these last few months have been hard on all of us, but still we persevere. We are extra thankful for Hereford cattle and the people that share our same passion for them. —*Sydney*

CL 1 DOMINO 710E 1ET

Registration #43800218

Sire: CL1 Domino 215Z • Dam: HH Miss Advance 9119W

710E has proven himself to be one of the best udder fixing sires in the Hereford breed with Udder and Teat scores in the top 1% of the breed. As you can see with all of the blue on his EPD's he is a breed leader in many traits. We are working to get him into most of the pedigrees on the ranch and we think he is a true herd changer. His daughters are beautiful, productive, and were the most popular set of females at Cooper Hereford Ranch last spring. We will have a super set of sons in our sale this fall. Owned with Coates Ranch and Cooper Hereford Ranch.

We are more excited than ever about 8099F! He has his first big calf crop this spring and they are superb. Dark red, pigmented, thick and really attractive. His EPD's should improve, but 8099F has plenty of power and growth for the Southwest or any part of the country. He is straight Line 1 and out of one of our most proven donor cows. Come and look at his calves and we think you will want to get his genetics into your herd. Owned with Coates Ranch.

A USDA subsidized crop insurance policy designed to offset some of the costs your operation incurs due to the lack of rain. This policy provides 90% coverage on both rented and owned acres intended for grazing and haying.

When it comes to a PRF policy, planning matters. Making the wrong move can cost you. In the federal crop insurance program, the prices are set by the government. One can't shop for a better deal. Agents compete on service and knowledge. Let us show you how SCI sets the benchmark in both, and why so many choose and stay with us.

Fall 2022 Platinum and Gold TPR breeders Announced

Fifteen Hereford breeders achieved Platinum Total Performance Records (TPRTM) Breeder status and thirty-one Hereford breeders achieved Gold Total Performance status for fall 2022.

The Platinum TPR program was established in 2018 to recognize breeders who participate in the Association's Whole Herd Total Performance Records (TPRTM) program that was implemented in 2001 to create a more accurate database and increase the value of Hereford genetics. The Platinum TPR Breeder is the highest level of achievement when it comes to complete calf crop reporting. Breeders must meet all the requirements of Gold TPR Breeder status plus genotype 85% of their calves with a weaning weight submitted.

The Platinum and Gold TPR Breeder awards are designated two times a year and are awarded each calving season. The selection of Platinum and Gold TPR breeders takes place during the process of loading each new run of expected progeny differences (EPDs) in January (spring) and July (fall). The criteria for Platinum and Gold TPR breeders will be evaluated two years prior to the award year. The following fall 2022 TPR awards reflect the fall 2020 calf crop.

Established in 2005, the Gold TPR program pays tribute to breeders who go the extra mile to collect performance data at all levels of production and report the data in a timely manner.

Congratulations to these Texas Hereford Association members and Texas breeders. Platinum TPR breeders include Flying S Herefords, Paluxy; Colyer Herefords, Bruneau, ID; Express Ranches, Yukon, OK. Gold TPR breeders include Double Diamond Ranch, McDade; Doyle Hereford Ranch, Wolfe City; JP Family Limited Partnership, San Angelo and Still River Ranch, Van Alstyne. ★

Application for Membership in the Texas Hereford Association

Advantages of THA Membership

SERVICE – The Texas Hereford Association is a service organization to benefit the Hereford breed and the breeder.

Members are assisted in buying and selling cattle at private treaty and by auction.

The Texas Hereford Association sponsors the Powerhorse Hereford Female Show and Sale, the Powerhouse Halter Sale, and the THA Fall Classic. These sales promote the use of better Hereford bulls and females. The Texas Hereford Association is also actively engaged in the promotion of Texas Herefords and in sponsoring seminars, field days, and other events to encourage educational opportunities for members.

ASSOCIATION – The Texas Hereford Association was organized in 1899. Its membership has included the elite of the Texas Hereford industry since its inception. Membership dues are \$125.00 per year. Associate memberships are available for \$100.00 per year.

DIRECTORY ISSUE – Every active member of the Texas Hereford Association has a free listing in the Directory issue of *The Texas Hereford*. This Directory is used by thousands of Hereford breeders the year round. Information pertaining to your herd such as herd sires, bloodlines, location of farm or ranch, telephone numbers, etc., will be listed in this widely used reference book. This herd listing alone is worth the price of membership. Associate members are also listed.

THE TEXAS HEREFORD – Monthly publication of the Texas Hereford Association. It is the only publication in Texas devoted solely to Herefords. It includes news about the association, news about Herefords and timely editorial features. Active members can list Herefords for sale **FREE** in the Cattle For Sale column. This service has been responsible for selling thousands of Texas Herefords all over the nation. Texas Hereford Association members may advertise in *The Texas Hereford* at low livestock rates – a considerable savings for your marketing program. Sale catalogs, brochures, flyers, and other marketing aids designed are produced by our professional staff at considerable savings. (Advertising rates will be sent on request).
