A sure fire heifer bull and a 57 pound actual with a great calving ease figure. He also excels with elite marbling, ribeye and \$CHB combined with plenty of growth. We sold his sire to ABS and his dam is a first calf heifer by the young performance giant Belle Heir.

This is one that we have been excited about all summer and he continues to impress. These Barracuda bulls are incredible but this sire is double bred for IMF being out of a Validated daughter who is a trait leader for carcass quality. He puts this together with low birth high calving ease indicators and has the pigment and look.

His donor dam 1311 has produced over 1.6 million dollars in progeny and is also the mother of Arlo who was the top selling bull and lead off bull in our Denver pen. He truly has it all with elite phenotype and EPD's that offer calving ease, performance, maternal and carcass all in one.

This young sire should have the ability to pass on as much carcass merit as any available. His mother is one of our top IMF cows and had elite ratios when she was scanned. She is a full sister to Belle Heir and 8037 who is Guardian's mother. The unique thing about this bull is his calving ease and carcass in one.

Bread and Butter

Being recognized as "Friend of Texas Hereford," at the THA annual meeting on January 27 was an honor. The Association is by far my longest-term client and is responsible for a substantial portion of my annual sales. Your account is what every freelance graphic artist dreams of – steady work with a client who's more like family. Production work on the Texas Hereford magazine has been my bread and butter for more than 28 years. I appreciate you helping me keep the doors open at Park Place Enterprises, and I offer a heartfelt thank you to THA Manager Diane Johnson, the officers, executive committee and all the members for this special award.

Meet the Office Staff

Diane Johnson, Editor

It's nearing the end of January and, as of this writing, the annual meeting and all activities around the FWS-SR are just behind us. What a weekend it was. We'll have more details in the March issue but wanted you to know that the live and silent auction of memorabilia was a smashing success during the annual meeting. There are still many old magazines, photos and other items that we still have but truly ran out of room to offer. So there will be more available over the coming months and probably at next year's event. Let me know if your family has a history in the THA and we might have some items (mainly photos and possibly catalogs).

So with last month's intro of me, I want to introduce you to your office administrator. She's got a lot of posi-

tive traits however her skills in communication need some sharpening. She came to live with me during the pandemic and, while it took several months, she did finally graduate to coming into the house. Then the whole house, the couch, the bed, you know how they are. She will only drink water from the bowl on the nightstand and will spend time frolicking outside, only to come in and use the litter box. Her abilities with assisting as the office administrator have whittled down to just being there in case of any urgent issues. So I give you FOMO. Her registered name when she appeared on my patio was Kitty but I did a name change with the "American Stray Cat Association" also referred to as ASCA. They only charge \$2.00 for name

continued on page 10

In it for the long haul.

changes and fifty cents for transfers. And if her new name seems odd, just try going to the bathroom by yourself. Fear Of Missing Out is truly a syndrome. She looks forward to meeting all of you sometime, however that will never happen because she is loyal only to me and if you come visit, you will have to crawl under the bed to meet her.

Moving on to more pressing issues: If you received your membership dues, it is much appreciated for you to get those in so we can mark you off the list. If your dues notice was captured by the postal service, or we have your incorrect address, let us know. Dues are \$125 for a calendar year and include the magazine subscription. One thing to note is that the office address did not change so continue to mail to 4609 Airport Freeway, Fort Worth, TX 76117. Nothing changed due to the Weekly Livestock Reporter moving in and owner/publisher, Phil Stoll, allowed us to keep the mail going there. The phone number also remains as 817-831-3161. The 817-831-3162 number has disappeared. Cost cutting measure for needless items.

THA annual dues **\$125** (includes the magazine)

Texas Hereford Auxiliary **\$40** ★ Texas Junior Hereford Assn. **\$20**

All calendar year January to December

Advertising billing: We are giving you the option to pre-pay the entire year if you are running a one inch card ad. You can also pre-pay six months. The amounts are:

\$291.60. and \$145.80. You may also pre-pay a year for any ads that you regularly pay. This eliminates you having to write so many checks for small amounts each month and eases the workload on FOMO.

New and exciting things will start to come to fruition as the year progresses. With change comes opportunity to grow, expand, rejuvenate. Watch for new communication via email blasts and be sure to be a member of the THA Facebook page. No, not everyone is a fan of FB, but it is a very cheap (and effective) way to get messages out.

What do you want to see in the near future? I'm really open to lots of new ideas. They might not happen the day we visit but you might be surprised how many ideas are mutual and it's just a matter of planting that seed. Committees will be formed and announced soon, so if you want to get more involved, there is plenty of opportunity. One thing that I have neglected to point out is that the first organizing meeting of the Texas Hereford Association was in November 1899. So that means we are headed into 125 years of Hereford history. We'll be highlighting that as the year goes along with some features that I think you'll enjoy.

We leave you with this advice from

FOMO: *Cats are the ultimate narcissists. You can tell this because of all the time we spend on personal grooming. Dogs aren't like this. A dog's idea of personal grooming is to roll in a dead fish.*

Til next time,

– FOMO and Diane

Comments from a Team Sales Competition Judge

I grew up knowing that I was privileged to be raised in a barn. I would argue that there are few other endeavors that give a child the level of profound life lessons that they receive showing livestock. A perfect example of this than when I and 3 other individuals had the opportunity to judge the recent Sandhills Youth Sales Contest.

The contest challenged students to think outside the box, quite literally, as they were tasked with designing a new cattle showbox or an aftermarket accessory. A Junior exhibitor and Senior exhibitor were paired together and tasked with coming up with a 3-minute sales pitch

(including visual aids) to present to a panel of judges. Following the presentation, they were given two minutes for questions.

When given the space to be creative, the kids delivered some extremely practical (and a few quite comical) ideas for their new showbox design. From functional innovations like a hydraulic showbox lift and showbox with built in power sources to more imaginative ideas like an integrated keg, which the student explained would help stressed out parents enjoy the stock show experience. The judges were asked to identify the top 5 teams, the top Ju-

nior and Senior exhibitor, and new for this year – the best overall product design.

As a judge, I was amazed at the level of creativity, poise, and teamwork exhibited by even the youngest student. We did not always ask easy questions, pushing the kids to get specific with dimensions, profitability projections, and ease of use. In a world that it can be easy to feel pessimistic, these young participants in the Sandhills Youth Sales Contest remind us that hope is very much alive. They left me inspired with their vision, determination, and the belief that innovation and collaboration can lead to a brighter future.

I want to give a special thanks to sponsors of this fantastic contest: Restoration Health and Wellness, KLX Energy Services, Pro-Tech Undercar Care, Double K Transport, and Discount Tire Company. ★

top/bottom/left/right: .5"
The live area is the boundary within which any text, photos, or logo art need to fall, to keep those elements from being cut off in the printing process.

Black = Trim
8.5" wide x 11" deep
The trim is where the page is physically cut in the printing process.

Red = Bleed
add .125" all around the trim, or

until next month...

Do you suppose they
were discussing the future?

This photo was found in the archives and on the back it is written "Barber children." After very little research as it is very obvious who these Barbers are – yes, Brett and Terri at a very young age. Wonder if he was giving her advice that if she worked really hard in life that she and their mother would be the first mother/daughter duo to judge at this year's National Hereford Show in Denver. It goes to show that you never know how your children will grow to succeed. Congratulations Mary and Terri. Shown with National Hereford Queen, Marie Prodell. ★
